## HOLIDAY BROCHURE

June 2021 – August 2022

# Welcome to the Leisure Options Holiday Brochure of 2021/22

Welcome to the Leisure Options 2021/22 holiday brochure. For the most part you won't see any substantial changes, however with the ongoing international border closures we don't expect any significant International travel during 2021 and have adjusted our holidays accordingly. We will be continually monitoring the emerging situation globally and if conditions allow for safe international travel, we may release additional tours throughout the year.

In response to the pandemic and associated travel restrictions we have broadened our local and interstate offerings to provide you with a greater choice of destinations and itineraries allowing you to explore this lovely country of ours. We continue to review and update our schedules regularly in response to the developing COVID-19 situation and place your safety at the forefront of every decision we make. We have some really exciting news for our Gold Coast holidays, having secured a modern luxury house situated on a lovely sandy beach. With fantastic indoor and outdoor amenities and five star inclusions these holidays will feel like you are staying in your own private boutique resort.

Reflecting on 2020, we are extremely proud of the Leisure Options team and the way they have navigated through the year. The office staff have worked tirelessly to answer all your queries and concerns and have spent countless hours amending and rescheduling tours. Leisure Options completed numerous training modules to become a COVID safe business and with our own registered nurse on staff we were able to swiftly implement new policies, procedures and practices to provide safe passage for our travellers and team members.

During our holiday program pause we introduced a home-based Respite program. This has been incredibly popular and provided support to our travellers during Melbourne's prolonged lockdowns. Due to its success and popularity with both travellers and their family's respite will remain as a permanent offering into the future.

During the year we also took the time to update our website which better reflects our growing business. We hope you enjoy the new, vibrant and colourful design that is easier to navigate. We would love to hear any feedback that you have. We have also devoted time to increase our presence on multiple digital platforms including social media to allow us to communicate in an open, honest and timely manner. We hope you have enjoyed this additional information and maybe even spotted yourself in one of our photos.

Finally, we would like to take this opportunity to thank all our travellers, families and their support teams for entrusting Leisure Options with their loved ones during these uncertain and unpredictable times. We remain cautiously optimistic for future travel and our team look forward to reacquainting ourselves with all of you over the coming year.

Take Care

Warm Regards

*Cathy and Gary*

*Leisure Options offers a range of holidays that provide learning and skill development opportunities for our travellers. We immerse ourselves in the communities we visit to provide experiences rich in culture, recreation, socialisation and fun.*

## TOUR INFORMATION

### Small Group Tours

Leisure Options believes in creating memorable experiences for each of our travellers. We prefer to travel with smaller groups (normally up to 12 people including staff) enabling us to provide personalised and bespoke travel experiences. Limited numbers, with high staffing ratios, allows us to customise every tour and include activities and outings that stimulate each of our traveller's interests. These shared interests and experiences lead to more meaningful friendships and long-lasting memories.

### Tour Leaders

Leisure Option's tour leaders focus on delivering incredible service and an authentic experience to make each holiday memorable. By building strong relationships with each traveller our tour leaders are able to understand individual needs and provide support in a safe and nurturing environment. Their unique knowledge of the destinations we visit ensures that you can relax and immerse yourself in a physical, emotional and cultural journey. Our tour leaders all have police checks, NDIS Worker Screening Checks, first aid certificates and access to 24 hour nursing advice and support.

Tour leaders are not able to share rooms with travellers but will be available when needed.

### High Staff to Traveller Ratios

At Leisure Options we strive to offer unparalleled holiday support, guidance and care. To enable this our holidays are always staffed at high support ratios. Offering ratios no greater than 1:4 ensures that you are able to actively participate in holidays that meet your aspirations and goals. Leisure Options staffing ratios are the highest in the industry and provide peace of mind that you will receive the care and support you require.

### Accommodation

Leisure Options aims to create a family like atmosphere whilst on tour. To do this, where possible we stay in luxury houses with multiple bedrooms so that everyone is accommodated under the one roof. This provides the greatest opportunities for travellers to socialise and create meaningful friendships. On cruises we only use twin share cabins and when booking hotels we aim for 4 and 5 star luxury accommodation. We can also arrange a single room for travellers, however a single supplement will apply.

### Active Night

Leisure Options is happy to provide checking or intervention during the night (for example, due to a medical condition such as epilepsy). This will require an active night staff person be rostered during your holiday and must be organised prior to departure. Leisure Options will arrange for active night support as part of planning your holiday. As not all travellers require this support these costs are not included in the advertised prices of the holidays.

### Airfares

Airfares are NOT included in the advertised price of the holiday except where indicated. We encourage travellers to book holidays early so that we can negotiate the best possible airfares on your behalf. Leisure Options pays for carbon offset on airfares to assist with greenhouse gas emission reduction.

### Departures

All advertised holidays depart from Melbourne. However, if you live elsewhere, we are able to arrange for you to join the holiday on route or have a Tour Leader travel with you from your location to our departure point. There will be an additional cost for this service.

### Pre/Post Tour Accommodation Package

If you need an additional night of accommodation before or after your holiday, we can arrange this for you at a cost from \$615 per night. This includes staff support from 4.30 pm on the day prior/post travel through to your departure, dinner, bed and breakfast.

### Travel Insurance

Travel insurance is not included in the price of your holiday but we strongly recommend all travellers obtain insurance. Travel insurance is mandatory for all cruises and international holidays. Leisure Options staff will provide you with a competitive quote and policy to suit each holiday.

### NDIS

Leisure Options is a nationally registered NDIS service provider. Our tours offer opportunities to develop new skills and capabilities in a safe and fun environment.

## HOLIDAY GUARANTEE

When you book a holiday with Leisure Options you can be assured that your booking is secure and your holiday won't ever be cancelled.

Our unique holiday guarantee ensures all tours depart as scheduled along with our price match guarantee providing you with value for money, certainty, and peace of mind when planning your holiday.

Guaranteed departures provide you with the peace of mind that your tour will definitely operate on the day it is scheduled and will not be cancelled. All guaranteed departures will run except in the event of a natural disaster or other similarly disruptive events that are beyond our control. We will also match any genuine competitors advertised price for an equivalent holiday to ensure you receive the best value for money. Our guarantee covers all Leisure Options advertised group holidays, helping to take the stress out of planning your next trip.

## HOLIDAY RATIOS

All Leisure Options holidays are tailored to provide you with the greatest enjoyment. The ratios indicate the number of staff members on a holiday for each traveller.

### 1:4 Ratio

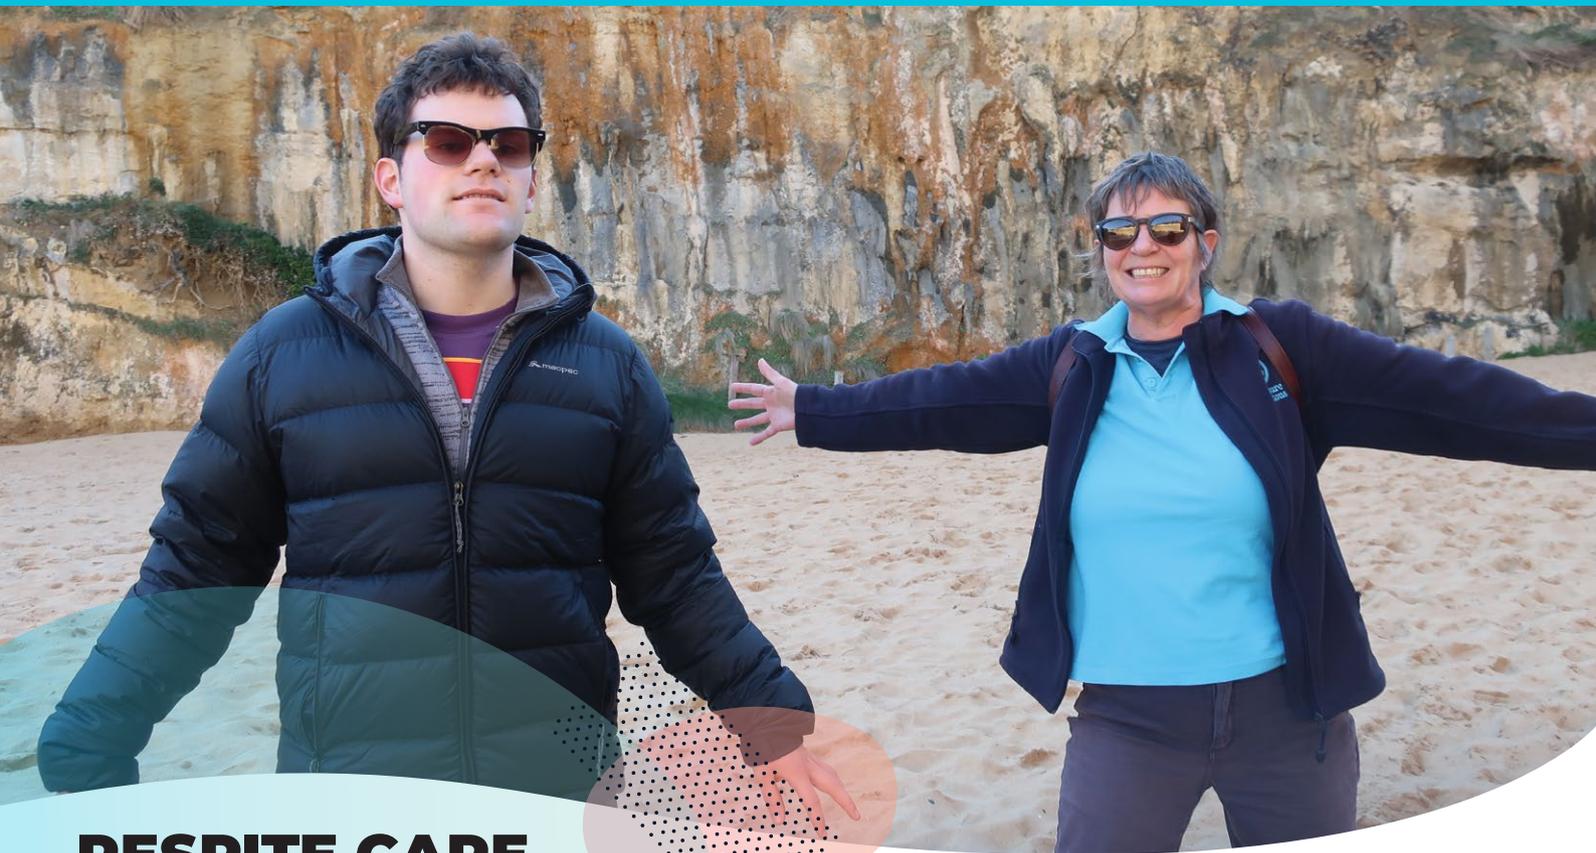

For travellers who are primarily independent in all areas of personal care with appropriate social skills when out in the community.

### 1:2 Ratio

For travellers requiring immediate and prompt assistance with personal care and meals, those that use mobility aids or enjoy slower-paced travel and those needing close supervision when out in the community.

### 1:1 Ratio

Travellers who require full assistance with personal care and meals and require strict supervision in the community. This also includes travellers in manual or electric wheelchairs.

## RESPIRE CARE

Whilst last year presented numerous challenges for everyone it also created opportunities that we hadn't previously explored. Leisure Options Respite Care was initially introduced to provide much needed support to those needing some timeout during the COVID-19 lockdowns. Such was the popularity of the program we have now established Respite Care as a permanent option for our participants and travellers.

At Leisure Options, we truly believe that a great respite program should offer more than just rest. Respite supports people with disabilities and their families by giving carers short breaks from their caring responsibilities. It also gives participants time away from their families or usual living situation.

Leisure Options Respite Care supports you to enjoy 'me' time in a safe and nurturing environment, while your loved ones get a break as well. We believe that respite should be a positive experience for both you and your carer, providing beneficial and meaningful experiences that leave you both refreshed and invigorated.

Programs are taking place at the company's Anglesea and Bendigo properties. Whether you come for a night or a week our team work to diligently prepare daily activity plans that

meet your needs, interests, and desires. Activities are tailored to each individual and may include a mix of gardening, cooking, arts, and crafts, games, puzzles, nature walks, beach visits, attractions, and any other interests you may have. Let us know what you love doing and the Leisure Options tour leaders will support you to achieve your goals. There are plenty of both indoor and outdoor activities to keep you entertained at either property.

### How is Respite Funded?

Respite care can be included as part of your NDIS plan as time away is a powerful tool in strengthening your independence, life skills, and community access experiences.

Under the NDIS, Short Term Accommodation and Assistance replaces what used to be called respite for people with a disability. This is funded under Core Supports – Assistance with Daily Life in your NDIS plan.

**For more detailed information or to book your Respite Care please contact the office on 1300 363 713 or [mail@leisureoptions.com.au](mailto:mail@leisureoptions.com.au)**

## CRUISE HOLIDAYS 2021-2022

Cruise holidays offer a unique and truly relaxing way to experience a myriad of destinations and holiday experiences all under the one roof. Where else can you unpack once, have your room cleaned twice a day, eat at a new restaurant each night and visit some of the most exotic locations on earth.

In line with current health and safety requirements cruise lines have collectively agreed on a series of health protocols when they return to the seas in 2021 including enhanced health screening, reduced passenger numbers, mask wearing in some locations, social distancing, tighter protocols for shore excursions, improved onboard ventilation and air filtration systems, enhanced cleaning regimes and improved onboard medical facilities.

All Leisure Options cruise holidays include port or anchor stops where there are options to join on shore tours or to explore at your own leisure. Travellers with limited mobility and wheelchair users may not be able to disembark the ship at tender stops. Leisure Options will only ever place two travellers in a cabin (twin share). Single use cabins are an option subject to availability (surcharge will apply).
